MR. TRAN QUOC HOAI

Accountable Manager

Vietnam Airlines Engineering Company Ltd. (VAECO)

No Bai Int'l Airport, Hanoi, Vietnam.

**Subject: Additional line maintenance rating for
A320/A321(CFM56N2500/PW1100) / A330(Trent700), A350(XWB) and
8777(GE90) at Da Nang international airport (DAD)**

Dear **Mr. Hoai**:

This letter concerns your request for authorization/approval for the above-mentioned subject matter.

Upon conducting a desk audit with comprehensive review and evaluation of the documentation pertaining to Phases 1-3 of the AMO additional line maintenance facility and aircraft ratings requirements, which include the revision of the MOE supplement, as well as the inclusion of a list of tools and equipment, airworthiness/technical data, and the qualifications of maintenance personnel and/or certifying staff, it has been determined that the aforementioned documents satisfy the minimum requirements and yield acceptable results in accordance with PCAR Part 6.

In the interim, with an impending Phase IV or on-site inspection at the VAECO facility located at Danang airport and Phase V or processing/printing of the revised AMOC SOP, the undersigned airworthiness inspectors endorse or authorize VAECO to perform line maintenance as listed in the CAAP approved scope of work and/or capability list.

For your information and guidance.

MR. LINO L. NICDAO
PMI – VAECO
